Greetings Mr & Mrs. Weisberg,

I am sure you thought I was done bothering you... But here I am once again. I was in a book store a couple months ago and picked up your book "Never Again". My wife pointed out that I had not finished some of the other books of yours yet.. But she relented so I got to bring it home. I have been following the O.J. Simpson trial on "Court TV," so my JFK reading has really come to a halt.

I have taken a big step in my JFK study. Our local community college offered a course on the JFK assassination, so I enrolled. I was told it required two text books, so, I ordered them. When they arrived, I realized I already had them. The first was Anthony Summers' book "Conspiracy"; and the second was Gerald Posner's "Case Closed". However, since I read them a few years ago, I've forgotten a lot that was said. Summer's book as I recall, is a compact "play by play" of many of the theories and problems with the Warren Com. and the House Com. conclusions. If you're

INCLINED TO BELIEVE OSWALD DID IT POSNER'S BOOK IS FOR YOU! I GUESS THEY DIDN'T CHOOSE YOUR WORK BECAUSE THEY COULD NOT FIND ENOUGH MISTAKES IN IT TO DEBATE OVER.

I TRULY HOPE TO CONTINUE READING YOUR BOOKS AS LONG AS YOU KEEP CHURNING THEM OUT. I AM SOMEWHAT terrified ABOUT BEING A College STUDENT SINCE I HAVE NOT BEEN A STUDENT OF ANY KIND FOR A LONG TIME. HOPEFULLY I WILL AQUIRE SOME VALUABLE KNOWLEDGE ... PROBABLY TO BOTHER YOU WITH.

BEST WISHES
Greg Raser

P.S.
IF YOU ARE FIGHTING OVER THE-COON Creek Jaycee HAT-I SENT YOU-I'D BE HAPPY TO SEND ANOTHER
